

READY TO VENTURE?

Any venture starts with mapping ideas and assessing resources. The same applies to YOUR venture. These are **THE 10 BIG QUESTIONS** I asked myself when at a crossroads

1 What are you most proud of (& why)?

2 What are your top three personal values (& why)?

3 Describe a time you felt like you were doing something meaningful.

4 What aspects of your current role do you find most (& least) fulfilling?

5 What skills or knowledge do you have that is most unique?

6 What do you want from the work you do?

7 How would you want to hear someone introduce you?

8 Describe a person (or people) who has most influenced you (& why)?

9 Who do you admire and turn to for insights, mentoring & support?

10 What would you attempt to do if you knew you could not fail?

What came up for you?
